If you wish to return to on-campus housing after studying abroad, you must submit a Return from Leave or Study Abroad Request for the semester you will be coming back.

MIT Housing Policy for students returning from Study Abroad experiences:

Return housing into the on-campus residence hall system is guaranteed to students who are returning from an Institute approved program away if the student is within their 8 terms of housing eligibility.

For students returning to MIT for the fall term, housing is guaranteed back into the residence hall the student resided in prior to departure. For students returning to MIT for the spring term, housing is guaranteed back into the on campus residence hall system, and every effort will be made to assign students back into the residence hall the student resided in prior to departure. If space is not available in the hall the student left from for the spring term, the Undergraduate Housing Office will work with the student to find another assignment on campus.

Note: If you will be away for the Fall semester, and returning for the spring semester, you will not be given housing for IAP. Forms can be completed online at: http://web.mit.edu/housing/undergrad/index.html
